GUIDE TO ONLINE BOOKING

The 2 (en suite) bedroom apartment provides accommodation for 2 to 5 people. You have the opportunity to add extra bedrooms and bathrooms, to accommodate up to 14 people.

Please Note: The initial part of the booking is for the 2 bedroom apartment (sleeps up to 5). You can then add extra upstairs rooms to sleep up to 14 people. It is *not* possible to book the (extra) upstairs rooms unless you have first booked the 2 bedroom apartment. This means there will NEVER be a situation where the accommodation is shared.

HOW TO MAKE AN ONLINE BOOKING

1. Go to the calendar to search for the dates you would like: Available dates are **green**. Dates already booked are in **red**. Dates marked in **purple** indicate only the two bedroom apartment is available (the extra bedrooms are not available).
 - Select the dates you would like, the start day being either a **Friday** or a **Monday**:
 - Friday - Monday (3 night weekend);
 - Monday - Friday (4 night week);
 - Friday - Friday 7 nights. During peak holiday seasons, only the 7 night option is available, as you will see when you highlight your preferred start date.
2. The price for the 2 BEDROOM APARTMENT is shown at the bottom of the right hand side of the page.
 - If you would like to add any EXTRA BEDROOMS, select them from the right hand side of the page, indicating (from the drop-down menus) how you would like the beds made up (eg double or twin); the extra amount will be added automatically at the bottom right hand side of the page.
3. When you have booked all the rooms you would like, fill in the rest of the information on the right hand side of the page and you will be asked to pay a 20% deposit by PayPal.
4. You will receive an email to confirm your booking, which will give details on how and when to pay the balance.

If you have any difficulties making your booking online, please call 01840 770033 to make the booking over the phone. In this case, the 20% deposit will be taken by card payment (debit card if possible please).
